Application Form for Investigative Reporting Project

*Please, answer all questions in no more than 300 words

Name of the applicant	
Country	
E-mail	
Phone	
Website (if available)	
Tentative project name	
Proposed project format (article, video, multimedia, etc.)	
Project language(s)	
Proposed project delivery date	
Proposed project budget (EUR)	
Project publication (provide the name of the website, social media page, newspaper, etc. where the project will be published)	

Project team

Please provide the names and roles of all individuals engaged in the project. Leave empty if you will be working on the project alone.

Name	Key functions

Description of the proposed investigative project

Please, describe the issue the investigative project will explore, outlining why it is of public interest.

What will change as a result of your project?

Please, describe what impact you expect the investigation to have on your community.

What tools will you use in the investigation?

Please, describe any tools and techniques you intend to use in the investigation (e.g. OSINT). Also, tell us if you intend to use a certain tool, but require training for it. IWPR will consider the provision of relevant training.

Budget outline

Please describe the project budget, including the staff and other costs, such as travel.
